CONGRESS
November, 20th 22nd, 2024

*Arnas - Garibaldi-Nesima Hospital
Four Points by Sheraton Hotel
Catania*

WELCOME MESSAGE PRESENTATION

Dear Colleagues and Friends,

Welcome to the 10th Mediterranean Endo-Gynecological Surgery Congress, a premier event that brings together leading experts, researchers, and practitioners from around the globe. We are thrilled to have you join us in Catania (Italy), where we will explore the latest advancements, share groundbreaking research, and engage in meaningful discussions about the future of gynecological health.

This congress is a unique opportunity for us to collaborate, innovate, and inspire each other as we address the most pressing challenges and opportunities in our field. Over the next few days, you will have the chance to attend a range of sessions, including pre-congress courses, live surgical sessions, lectures, and sponsor exhibitions led by some of the foremost thought leaders in gynecology.

The Congress offers an intensive scientific program, which includes:

Pre-Congress Courses:

- Master Class Suturing Program
- Imaging in Endometriosis and Gynecologic Oncology. Up to date
- Hysteroscopy Course
- Anatomical landmark and decision making on endometriosis surgery

Sessions

- Endometriosis: diagnosis and surgical approach. Up to date
- Gynecological Oncology: MIS role and new therapeutic strategies
- Hysteroscopy : Intrauterine surgery up to date

Symposium

- Sustainability and effectiveness of Robotic Surgery in gynecology
- V-NOTES Technique: innovation in gynecological surgery
- Relugolix combination therapy for the management of uterine fibroids

This year's theme, minimally invasive surgery, reflects our commitment to advancing women's health through cutting-edge science, compassionate care, and interdisciplinary collaboration. We encourage you to take full advantage of the networking opportunities, educational sessions, and hands-on experiences designed to enrich your knowledge and practice.

Also, this year, eminent gynecological oncological surgeons, and experts in radical surgery of endometriosis and hysteroscopy will participate. This Congress represents a great starting point, assuming an important role in returning to training, education, and the continuous updating of future gynecological surgery.

Finally, we extend our heartfelt thanks to our sponsors, partners, and the organizing committee for their invaluable contributions to making this congress a success. Your dedication and support foster a vibrant and dynamic community of gynecological professionals. A special thanks to Armando Romeo for his huge support in the organization of the scientific program. I am sure that Catania, through its history, weather, scents, lights and flavours will be able to guarantee to all the participants an amazing hospitality.

I am looking forward to welcoming you to Catania.

PROGRAMME OVERVIEW

PRE-CONGRESS TRAINING COURSES

November 18th, 2024 - Monday

A - Anatomical landmark and decision making on endometriosis surgery

Chairs: *W. Kondo, M. Zomer, M. D'Asta, F. Cannone, C. Trippia*

Active participation in operating room

6 participants

November 19th, 2024 - Tuesday

B - Master Class Suturing Course

Romeo's gladiator rule technique course performing safe Knots and final test with dynamometer

Chair: *A. Romeo*

Multidisciplinary suturing course (general surgery, gynecologist, urologist)

10 participants

C - Imaging in Endometriosis and Gynecologic Oncology

Chairs: *G. Ettore, M. Blanco, S. Guerriero*

Interactive course with live and pre-recorded demonstration

40 participants

D - Hysteroscopy Course

Chairs: *G. Ettore, G. Gubbini*

Instruments, indications, contraindications, complications and treatment of the main intrauterine disorders

20 participants

PROGRAMME OVERVIEW

CONGRESS

November 20th, 2024 - Wednesday

Gynecological Oncology: MIS role and new therapeutic strategies

- 08.30 - 13.00 Live Surgical Session
- 11.00 - 11.30 **Keynote Lecture**
- 12.30 - 13.30 Open Lunch
- 13.30 - 14.00 **Keynote Lecture**
- 14.00 - 15.30 **Symposium AB Medica**
- 15.30 - 19.00 Scientific Session

November 21th, 2024 - Thursday

Endometriosis: diagnosis and surgical approach. Up to date

- 08.30 - 13.30 Live Surgical Session
- 12.30 - 13.30 Open Lunch
- 13.30 - 15.00 **Symposium - Endometriosis and Adenomyosis associated Infertility**
- 15.00 - 18.00 Scientific Session
- 18.00 - 20.00 **Opening Ceremony**
- 20.00 - 22.30 **Welcome Party**

November 22th, 2024 - Friday

Up date on Hysteroscopy

- 08.30 - 11.30 Live Surgical Session
- 11.30 - 12.30 **Symposium APPLIED**
- 12.30 - 13.30 Open Lunch
- 13.30 - 14.30 **Symposium GEDEON**
- 14.30 - 18.00 Scientific Session
- 18.30 - 19.00 **Closing Ceremony**
- 20.00 - 24.00 **Gala Dinner**

PRE-CONGRESS TRAINING COURSES

PROGRAMME

A - Anatomical landmark and decision making on endometriosis surgery

Chairs: *W. Kondo - M. Zomer - M. D'Asta - F. Cannone*

Faculty: *N. Cinardi - E. Russo - C. Trippia, V. Vinci*

Active participation in operating room

6 participants

The aim of our course is to improve knowledge and skills in laparoscopy applied to gynecological benign diseases and Endometriosis and will enable you to make a big step forwards in your laparoscopic training.

Learning objectives are:

- Acquire basic and advanced coordination and perception in surgical procedures
- Excisional techniques and endometriosis management
- Better understand how to avoid and manage complications

The participant will have the opportunity to scrub during several surgical procedures in our operating rooms with the faculty surgeons.

PROGRAMME

- 08:00 ***Registration***
- 08:15 ***Welcome, introductions and Course overview***
- 08:30 Surgery in the operating rooms 1 - 2 -3
- 10:30 ***Coffe Break***
- 11:00 Surgery in the operating rooms 1 - 2 - 3
- 13.30 Light Lunch
- 14.30 ***Didactic session with focus on***
- Surgical Anatomical pelvic Landmarks
 - Ultrasound Pelvic Landmarks
 - Know the energy in laparoscopic surgery
 - Tips and tricks of endometriosis excisional techniques
 - How to avoid and manage surgical complications
- 17.00 ***Certificate***

B - Master Class Suturing Program

Pre Congress "full immersion" 1 day suturing course

What's the best surgeon knots? Romeo's gladiator rule:

Master in Knot-tying and Loading of the needle

Multidisciplinary suturing course (general surgery, gynecologist, urologist)

10 participants

Chair: A. Romeo

Faculty: F. Almeida, D. E. Ramos Rodriguez, E. Sedlienice, M. Sarkele, E. Burtone

COURSE DESCRIPTION

Suturing is a turning point towards Advanced Laparoscopic Surgery. The Combination between of the correct stitch and knot tying can be responsible for the success of a complex surgery. Appropriate rules make difficult things easy. The Romeo's Gladiator Rule put suturing at the hands of all laparoscopists. The knowledge acquired by Romeo's Gladiator School explain which knots are safe and unsafe or dangerous and how to perform them. This course provides a broad comprehension about the art of laparoscopic suturing, mixing theory and practice.

COURSE OBJECTIVES

At the conclusion of this activity, the participant will be able to:

- 1) identify safe, unsafe and dangerous knots;
- 2) perform bimanual knot tying following the Romeo's Gladiator Rule .
- 3) Loading the needle and stitching with both hands and supra pubic route.

PROGRAMME

08:00 **Registration**

08:15 **Welcome, introductions and Course overview**

08:30 Safe, Unsafe and Dangerous knots in laparoscopy
Romeo's Gladiator Rule: The universal knot tying technique
The Theory of the perfect stitch

10:30 **Coffe Break**

11:00 HANDS-ON - LAB

13.30 Light Lunch

14.30 LAB: Romeo's Gladiator Knot Tying Technique with right hand dominant in supra pubic port and the assistant in left hand port.
LAB: Knot Tying with left dominant hand and right assistant hand in supra pubic trocar.

17:00 **Certificate**

C - Imaging in Endometriosis and Gynecologic Oncology

Ultrasound examination represents an essential tool for diagnostic work up and management of patients affected by gynecological diseases. All the essential topics concerning uterine and adnexal disease will be issued according to current classifications, consensus and guidelines. Interactive course on US and MRI in Endometriosis and Oncology with live and pre-recorded demonstration.

40 participants

Chairs: G. Ettore, M. Blanco, S. Guerriero

- 08.00 **Registration open**
08.30 **Welcome and Introduction**
G. Ettore, M. Blanco, S. Guerriero

I SESSION **Adnexal Masses**

Chairs: F. Forlani, D. Franchi

Discussants: G. Bonanno, G. Cavallo, E. Pappalardo

- 09.00 **US assessment of adnexal masses and risk of malignancy: IOTA update**
F. Mascilini
09.20 **Borderline ovarian cancer: diagnosis and management**
D. Franchi
09.40 **Early diagnosis of malignant ovarian cancer**
V. Chiappa
10.00 **Discussion**
10.20 **Live scans and pre-recorded clinical cases**
M. Blanco, F. Mascilini, V. Chiappa, D. Franchi
11.00 **Coffee break**

II SESSION **Uterus and Endometrial pathologies**

Chairs: S. Incandela, R. Venezia

Discussants: E. Giurato, C. Rubino, M. Sapienza

- 11.30 **Ultrasound features of endometrial cancer. IETA consensus**
F. Mascilini

- 11.50 **US imaging in staging of endometrial and cervical carcinoma**
D. Franchi
- 12.10 **Typical and atypical fibroids: diagnosis and management**
V. Chiappa
- 12.30 **Ultrasound features of uterine sarcomas**
S. Guerriero
- 12.50 **Discussion**
- 13.00 **Live scans and pre-recorded clinical cases**
F. Mascilini, S. Guerriero
- 13.30 **Lunch**

III SESSION

Endometriosis and Adenomyosis

Chairs: *G. Canzone, M. Rolla*

Discussants: *R. Granesa, L. Klein, A. Tarascio*

- 14.30 **Imaging diagnosis in adenomyosis**
C. Russo
- 14.50 **Superficial endometriosis: a new challenge for the sonographer**
S. Guerriero
- 15.10 **Endometriosis and systematic approach: IDEA consensus**
M. Rolla
- 15.30 **Discussion**

Chairs: *S. Guerriero, A. Vallone*

Discussants: *D. Catarella, N. La Ferrera, M. Li Destri*

- 16.00 **Imaging of deep endometriosis: US role**
C. Trippia
- 16.20 **Imaging of deep endometriosis: MRI role**
K. Menni
- 16.40 **Discussion**
- 17.00 **Live scans and pre-recorded clinical cases**
S. Guerriero, C. Trippia
- 18.00 **Certificate**

D - Hysteroscopy Course

Instruments, indications, contraindications, complications and treatment of the main intrauterine disorders.

In the Hysteroscopy session, thanks to the presence of the pioneers of this discipline, the hysteroscopic world will be traversed from its origins to the present day, through the most advanced, miniaturised and state-of-the-art techniques. In particular, with the pre-congress course first, and in the conference and related live surgery afterwards, an attempt will be made to derive good procedures for a suitable hysteroscopic examination in the light of endouterine pathology that is different each time.

Of fundamental importance is the connection between ultrasound and hysteroscopy, also intraoperatively.

Topics related to diagnosis and therapeutic choice, whether medical or surgical, in relation to the woman's history will be covered.

20 participants

Chairs: G. Ettore, G. Gubbini

Faculty: J. Calderon, C. Ettore, A. Menocal Tavernier, E. Russo, A. Siscaro

PROGRAMME

08.00 **Registration open**

08.30 **Welcome and Introduction**
G. Ettore, G. Gubbini

I SESSION

Chairs: M. La Greca, E. Russo, A. Siscaro

Discussants: N. La Ferrera, S. Giammona, F. Gulino

09.00 **Indications for hysteroscopic examination: overview update**
G. Gubbini

09.20 **Hysteroscopic examination: instruments, means of distension**
A. Menocal Tavernier

09.40 **Hysteroscopic examination: electrosurgery**
E. Russo

- 10.00 ***Tissue Removal Devices: are there any limits?***
J. Calderon
- 10.20 ***Radiofrequency endometrial ablation***
C. Ettore
- 10.40 ***Discussion***
- 11.00 ***Coffe Break***
- 11:30 ***WET & DRY LAB***
Partecipants will have the possibility to improve their skills in:
Standardize approach to diagnostic hysteroscopy
Office procedures with 5 Fr instruments
Resectoscopy
Use of TRD (on female genital models, virtual simulators)
Radiofrequency endometrial ablation
- 13.00 ***Light Lunch***
- 14.00 ***Tips and tricks of Hysteroscopic techniques***
How to avoid and manage surgical complications
- 15.00 ***WET & DRY LAB***
- 18.00 ***Certificate***

CONGRESS

Gynecological Oncology: MIS role and new therapeutic strategies

08.00 **Open Session**

08.30 **Live Surgical Session**

Chairs: F. Cosentino, W. Kondo, R. Tozzi,

Provokers: F. Ciancio, V. Iannone, G. Sozzi

Surgeons: F. Cannone, V. Chiantera, F. Fanfani, J. Gilibert, S. Gueli Alletti

Keynote Lecture

11.00 "How will artificial intelligence revolutionize minimally invasive surgery?"

J. Marescaux

Introduces: G. Ettore

12.30 - 13.30 **Open Lunch**

Keynote Lecture

13.30 Microbiome in gynecology oncology

G. Bogani

Introduces: C. M. Stigliano

14.00 **SYMPOSIUM AB MEDICA**

Sustainability and effectiveness of Robotic Surgery in Gynecology

Chairs: V. Cela, F. Legge, L. Mereu

14.10 **Day-case robotic hysterectomy**

J. Ahmed

14.30 **Robotic surgery in Endometriosis**

M. D'Asta

14.50 **Robotic surgery in Gynecological Oncology**

E. Vizza

15.10 **Discussion: All Faculty**

SCIENTIFIC SESSION

Chairs: F. Cosentino, S. Gueli Alletti, V. Trojano

Discussants: M. Caruso, L. Giambanco

Keynote Lecture

15.30 Present and Future of Gynecological Oncology
G. Scambia

15.50 **Minimal invasive surgery in recurrent ovarian cancer**
J. Gilabert

16.10 **Fluorescence guided surgery in gynecology oncology**
A. Ercoli

16.30 **Discussion**

Chairs: F. Legge, R. Tozzi, G. Scibilia

17.00 **FIGO 2023: lights and shadows. The pathologist's point of view**
G. Zannoni

17.20 **Role of molecular classification of Endometrial Cancer for a personalized therapy**
D. Lorusso

17.40 **"PDTA" of endometrial carcinoma**
P. Scollo

18.00 **Therapeutic strategy in the 1st line of metastatic endometrial cancer**
G. Blanco

18.20 **Advanced ovarian cancer, HRD status e tumor biology: a guide for primary surgery**
R. Bordonaro

18.40 **Discussants:** G. Bartoloni, R. Bordonaro, F. Fraggetta
Discussion: All Faculty

Endometriosis: diagnosis and management. Up date

08.00 ***Open Session***

08.30 ***Live Surgical Session***

Chairs: J. Gilabert, F. De Cicco Nardone, A. Ussia

Provokers: F. Cannone, S. Cianci, G. Cucinella

Surgeons: M. D'Asta, A. Ercoli, W. Kondo, M. Malzoni, A. Wattiez

12.30 - 13.30 ***Open Lunch***

13.30 ***SYMPOSIUM***

Endometriosis and adenomyosis associated infertility

Chairs: F. De Cicco Nardone, S. Palomba

13.40 ***Reproductive outcomes in endometriosis - associated infertility: effects of surgery, IVF and integrated approach***

A. Laganà

14.00 ***Management of adenomyosis and impact on infertility***

F. Petraglia

14.20 ***Elective oocyte freezing for fertility preservation in endometriosis: opportunity and cost effectiveness***

A. Guglielmino

14.40 ***Discussants:*** E. Falcidia, G. Gullo, M. Iraci, M. Somma

Discussion: All Faculty

SCIENTIFIC SESSION

Endometriosis management: up date

Chairs: P. Koninckx, A. Ussia

Keynote Lecture

15.00 How the knowledge of the science of anatomical landmarks makes you a predictable surgeon

A. Wattiez

- 15.20 **Deep invasive Endometriosis:
Surgical strategies of multi compartmental disease.**
W. Kondo
- 15.40 **Colo-rectal endometriosis: new surgical strategies**
M. Malzoni
- 16.00 **Discussants:** M. Falsaperla, L. Piazza, G. Sozzi
Discussion: All Faculty
- Chairs:** V. Chiantera, J. Gilabert, G. Trojano
- 16.30 **Diagnostic strategy for the study of deep endometriosis**
A. Di Giovanni
- 16.50 **Diagnosis and management of pelvic nerve involvement**
M. Possover
- 17.10 **Intuition - AI - Experience and EBM in endometriosis**
P. Koninckx
